RE: File # 2004-01471, 98 Toltec Point Road, Moultonborough, Tax Map 32, Lot 16

Dear Mr. and Ms. Reed:

On August 23, 2004, the Department of Environmental Services Wetlands Bureau ("DES") inspected property located at 98 Toltec Point Road, more particularly identified as Lot 16 on Moultonborough Tax Map 32 ("the Property"). The purpose of this inspection was to determine whether violations of RSA 482-A had occurred on the Property.

At the inspection, the following violation was observed:

1. The southern end of the dock had been extended approximately 5 feet without a permit from DES.

This Notice of Past Violation ("Notice") is to inform you that the violation referenced above has been documented and will be maintained on file at DES. The narrative and photos provided by you and received by DES on March 4, 2005 show that the section of dock added after 1995 had been removed.

DES personnel may re-inspect the property at a later date to determine whether full compliance is being maintained with applicable statutes and rules. DES reserves the right to pursue further enforcement action should additional information be received regarding additional violations on the Property.

In the future, we would strongly urge you to contact our office prior to conducting any water front improvements to your frontage to ensure that such improvements would be allowed under current state regulations. Information about current law, rules, and fact sheets are provided on the DES Wetlands Bureau's website at <http://www.des.state.nh.us/wetlands>.

If you have any questions regarding this matter, please feel free to contact Linda Magoon at (603) 271-4056 or at lmagoon@des.state.nh.us.

Sincerely,
